serving up happy & healthy

A Compass India Initiative

A café experience like never before

Working alongside students, parents, nutritionists, principals, teachers, and other stakeholders, we reimagined and redesigned the **Food at School** to positively impact a child's overall wellbeing.

From student-centric spaces designed to encourage social eating, to new technology platforms, we have developed customised experiences in alignment with the larger k12 school objectives.

Our commitment to nourishing students doesn't stop at the kitchen; we go above and beyond to cultivate a positive relationship between students and healthy food that continues long after they've left school.

Bring the Chartwells experience to your school

Food Nutrition- Reimagined

At Chartwells, we understand that nutrition is an integral part of a child's overall growth and development.

Key aspects of our Reimagined Food solution are:

1. We offer a scientifically designed program with nutritional mapping powered by Chartwells Proprietary Nutritional Guidance platform to enhance the overall wellbeing of every child
2. Our Chartwells App offers parents an insight into their child's food nutrition
3. Sparking curiosity and promoting wellness with embedded stealth health!

Happy Food Experiences

At Chartwells, our focus is on the 'Role of Food' in creating 'Happy Sensorial Experiences' by looking at food through a child's lens.

Key aspects of our outcome-based approach are:

1. Enhanced experience leading to greater participation

2. Everyday choices are transformed into interesting and creative menu offerings
3. Empowering students through the student choice program and continuous feedback

Enabling Environment

Aligned to the mission of holistic development, our program goes beyond the classroom with immersive experiences.

We make this process come alive through our enabling programs:

1. **Teaching Kitchen** - an interactive platform to drive nutritional understanding and positive eating habits, in a fun and engaging way
2. **Farm to School** - to showcase how food is grown, produced, processed as part of the entire food journey
3. **Food Club** - Food as expression and discovery

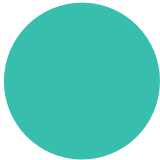

About Chartwells

Chartwells is a leading provider of food services in the education sector, globally. Chartwells by Compass India offers innovative, nutritious dining solutions for educational institutions, ranging from K12 schools to colleges and universities.

Compass India through its sector focused businesses, provides food and support services for Education, Corporate, Manufacturing, and Healthcare sectors. Our sector-focused businesses give our clients access to unrivalled experience, global best practices, and market-leading innovations. With operations spanning 450+ client locations across India, Compass India has been awarded with the **'Most Admired Food Innovation of the Year'**. It has also been recognised as one of the **'The Economic Times Best Brands'** on the parameters of innovation, trust, and uniqueness.

Chartwells, with its focus on the education sector, is always at the forefront of cutting-edge research, understanding of student needs, and is a trailblazer in reimagining food at school. Our commitment to nourishing students doesn't stop at the kitchen; we go above and beyond to cultivate a positive relationship between students and nutritious food. Our endeavour is to continue to innovate and design bespoke food solutions to nourish and aid transition to better food habits and choices.

It's all about the smiles :)
